ROUND OF PLEASURE

Ahead of Visitors to Kentucky State Fair.

GRAND FREE ATTRACTIONS

Market Successfully Scored for Best Offerings in the Amusement World.

"Pioneer Days in Kentucky" to Be Featured as the Great Pyrotechnic Spectacle.

American people must have amusement, and no set of men recognize the fact better than the officers and managers of the Kentucky State Fair. The round of pleasure at the eighth annual state fair, to take place in Louisville September 12-17, will be as nearly continuous and complete as it is possible to make it.

Secretary J. W. Newman has this season paid particular attention to what may be described as the purely amusement features for the forthcoming state fair. A contract has been closed with the United Fairs Booking Company to supply "The Fairs" with the most novel and up-to-date attractions that could possibly be assembled. The usual precautions have been taken to insure the correct tone and cleanliness of the individual shows. This amusement feature will be on such a large scale this year that it was found necessary to enlarge the area heretofore utilized as "The Fairs" and that justly famous events of midday will be arranged in the shape of an immense crescent with every inch of space along the avenue occupied by some new amusement attraction.

The list of "free attractions" is a splendid one. These offerings of the fair management proved so popular last year that care was taken this summer to close contracts with the best amusement market has to present. A star feature will be the Wakarusa Japanese Trompe, consisting of a dozen Japanese children and figures from Japan. It will compete with Madame Louisa's Monkey Show, Pink's Trained Males, Morris and Morris, expert tumblers, and Slaughter and Briede, high wire artists. Davenport's Fancy Circus are expected to carry off the best act, however, among the free attractions. This entertainment is nothing short of a three-ring circus, which will be presented each afternoon and evening.

The scene of spectacular display will be enjoyed each evening in the fireworks exhibition. A contract has been closed with the world-famous Fain, and that noteworthy act at work on a program designed especially for the Kentucky State Fair. The feature of the fireworks display each night will be an original pyrotechnic production entitled, "Pioneer Days in Kentucky." It is said that the services of over 150 men and women will be required to properly present the spectacle. Linked with the fireworks already described there will be the races by day and the horse show in the pavilion by night. Negotiations are also under way with owners of other amusement enterprises, and it is probable that the list of special attractions will be largely increased before the opening of the gates of the 1910 fair.

BUSY DAYS AND NIGHTS.

Time of Special Interest to Every Class Affected by State Fair Promoters.

Hours and minutes are ahead of visitors to the Kentucky State Fair of 1910, which will begin in Louisville on the morning of September 12. The fair is a series of organizations has been organized, and every day and every night has been dedicated to some particular group with everybody invited all the time.

Fred K. Keiser, of Louisville, is general chairman on special days, and

Some of the Horses Seen at the Kentucky State Fair. A. R. Lipscomb, Secretary of the Louisville Commercial Club, general chairman on special nights. As heretofore Monday, the first day, has been held aside for the school children of Kentucky. The youngsters are expected to turn out by the thousands and a host of one day full of happiness will go along with each school child's school bag. Prof. E. H. Mark, superintendent of the Louisville Public Schools is chairman of School Children's Day.

Tuesday, September 13, will be Farmers' Day, with W. F. Clifton, of Cambsburg, as chairman. Formal sessions will be held on that day by

many of the organizations made up of farmers.

Wednesday, September 14, will be Louisville Day, with W. O. Head, Mayor of the city, as chairman. It is expected this will be one of the banner days of the fair from an attendance standpoint.

Kentucky Day will be observed on Thursday, September 15. This also will be Press Day and Good Roads Day, with A. D. Miller, of Richmond, president of the Kentucky Press Association, acting as chairman and H. A. Summers, of Elizabethtown, vice-chairman.

Friday, September 16, has been especially dedicated to Kentucky's neighbors, and will be known as Southern Indiana and Traveling Men's Day. Adam Heimburger, of New Albany, is chairman, and D. O. Talcott, of Louisville, vice-chairman.

Saturday, September 17, has been put down as Everybody's Day with everybody chairman.

A testimonial to the great work being accomplished by Kentucky club women is evidenced in the dedication of the first night of the fair as Women's Organization Night. Mrs. Chas. P. Weaver, of Louisville, is chairman.

German-American night will be observed on Tuesday, with Louis Seelbach, of Louisville, chairman, and the Irish-American citizens of Kentucky will be the special guests of the fair on Wednesday night. E. J. McBurnett, of Louisville, is chairman for that evening.

Paternal Night will close the fourth day of the fair, Thursday. Under the chairmanship of R. W. Brown, of Louisville, a monster committee is expected to bring out one of the largest outpourings of fraternal society membership ever seen in the Ohio valley. Friday evening, September 16, has been set aside as Commercial Organizations Night, with Dr. W. B. Gossett, of Louisville, chairman. Farewell Night will close the fair week, Jas. E. Dorland, of Louisville, being chairman of the occasion.

Natiello's Band at State Fair.

Sig. Ernesto Natiello's famous band has been engaged for the Kentucky State Fair of 1910, and will be heard in two grand concerts each day. There are some sixty musicians in this great organization, which is classed among the most prominent bands in America. Free concerts will be given in a bandstand near the pavilion each afternoon and night, and Natiello and his musicians will also be heard during the hours when grand instrumental performances of music have been engaged to provide music for the races and render concert programs during each afternoon and evening.

Hundreds of visitors come to Louisville on the Saturday and Sunday before the opening of the fair, and for these a grand treat has been arranged. On Sunday before the opening of the big exhibition two sacred concerts will be given by Natiello's band at the fair grounds. Last year something like 10,000 persons visited the scene of the fair on the day before the opening, and the fair management decided that, as Sig. Natiello and his musicians will be here ahead of time, it would be wise to arrange this treat for those who go down to inspect the grounds.

OUR FAIR.

In addition to the county fair that we can all lay claim to as being a part of our possessions, the Kentucky State Fair, at Louisville, Sept. 12-17, belongs to us as much as to any people in the state. Every Kentuckian should regard this as in a sense his fair. It represents what is being done all over the state, just as the county fair represents what is being done in each county in the way of agriculture, live stock and general advancement. It is a combination of the various county fairs, but only of Kentucky, but a great many other states, and there are represented at this exhibition live stock, etc., produced in the various states. The state fairs are growing each year and the attendance is increasing, as everyone wants to know what is being done in other parts of the state and country.

Live Stock Judging Contests.

Live stock judging by students and farmer boys will be witnessed at the Kentucky State Fair of 1910. One of the contests is open to all boys of the state. Commissioner of Agriculture M. C. Rankin offers to the farmer boys

\$100 to be used as a scholarship in the agricultural department of the state university for the best written judgment on horses, cattle, swine and sheep exhibits. Another set of prizes, aggregating \$50 will be offered to the students of the state university. The sum is divided into five premiums. These specials are intended to encourage the youth of Kentucky in the science of live stock judging.

For catalogue, entry blanks or any other information regarding the Kentucky State Fair, address J. W. Newman, secretary, 326 Paul Jones Building, Louisville, Ky.

A DEEP MYSTERY SOLVED.

Women Bleached by Science.

The Doctor writes his prescription in Latin and the patient reads the Avenue what she is swallowing. She takes that much on faith. If it should cure her she doesn't know what cured her. If the prescription injures her she doesn't know what did the injury. The physician is experimenting with different prescriptions all the time. Sometimes his medicine is successful in the case but often not. This mystery of a concealed prescription is intended to mystify and to blind the patient. One physician of wide experience and national reputation does not believe in mystifying the public, nor does he grasp at the stars, but believes that Nature provides that which is necessary for our health and happiness.

When the womanly system is deranged beyond the stage where it will respond to stimulant, food, rest, cheerfulness and proper rest; when the balance of health is seriously disturbed this doctor believes that Nature has placed at your hand the balance of power for good. Hidden in our American forests are many plants which correct and cure these disorders of the system, which cause women to suffer with backaches, bearing-down pains, pain in the back, nervousness, irritability, nervousness and lassitude. Meet all women who love Nature, who also to wander through the woods, have at once their disorder picked up the beautiful blossom of the Lady's Slipper (Cypripedium). This is not only a beautiful but a very useful plant. The root of this plant when treated properly with glycerine to extract its medicinal virtues is valuable in all cases of nervous excitability or irritability," says Prof. John M. Scudder, M. D., of New York, author of "The Female Organs." M. D. says of this plant: "Exercise special influence upon nervous conditions depending upon disorders of the female organs." Another plant which is frequently found in our American forests is Helonias, or Unicorn root. The American cases of hysteria are said to be due to this plant, that it "possesses a decidedly beneficial influence in an embolized condition of the general system, with weakness or dull pain in the renal or lumbosacral (small of the back) region. In diseases of the womanly organs, it is one of our most valuable agents, acting as a uterine tonic, and gradually removing abnormal conditions, while at the same time it imparts tone and vigor to the organs." Hence it is much used in cases of hysteria, nervousness, irritability and painful periods. Prof. King further says, of Unicorn root: "A particular phase removed by it is the irritability and despondency that often attends these troubles (referring to the ailments just mentioned). It has been found especially adapted to those cases in which pelvic fulness, and the aching, bearing-down cramps, as if they would fall out of the body."

Dr. Pierce, chief examining physician to the Invalid Hotel and Surgical Institute of Buffalo, N. Y., says, that a combination of the active principles of these two native plants, together with the best of the Black Cohosh and Blue Cohosh roots when extracted by the use of pure, triple-refined glycerine of hygienic character, which is used instead of alcohol, will stand near the head of the list of remedies for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Dr. Pierce from standard authorities of the several schools of practice, which will be sent free to any address on request for same, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

It stands above all other remedies for the ailments of the female system, and is the only medicine put up for sale through druggists for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Dr. Pierce from standard authorities of the several schools of practice, which will be sent free to any address on request for same, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce is frank and open about his ready-prepared medicine, called Dr. Pierce's Favorite Prescription—he tells just what is contained in it. He says it is not a cure-all, as it serves only a singleness of purpose, being for women's peculiar weaknesses and maladies, the only medicine put up for sale through druggists for the cure of such maladies, all the ingredients of which have the endorsement of leading medical practitioners and writers, as being the very best known remedies for the ailments for which "Favorite Prescription" is advised. All this will be learned to the reader's full satisfaction by perusing a booklet of extracts compiled by Dr. Pierce from standard authorities of the several schools of practice, which will be sent free to any address on request for same, mailed to Dr. R. V. Pierce, Buffalo, N. Y.

The Stark Year Book for 1910

is ready to mail. It will be sent to any person interested in fruit-growing on receipt of 7 cents to cover postage. The Stark Year Book for 1910 represents an entirely new idea in nurserymen's literature—it is a work of art as well as a catalogue of Stark Nursery products. Within its covers are 32 full-page illustrations of fruits and flowers, representing 175 varieties, done in four colors, and exactly reproducing nature. 84 pages are devoted to descriptions, prices, and records.

Stark Delicious, the apple that has revolutionized orchard planting and established a new standard of apple values (selling at \$10.00 per bushel box this year); Stark King David, another apple of wondrous quality and merit; Stark King Philip, a hardy black grape of California grape quality, and dozens of the very best things in the horticultural world are fully described, illustrated, and priced.

To any one planting one tree or many, of fruits or ornamental, this book is of inestimable value—a horticultural text-book—a guide to proper selection.

Stark trees have stood the supreme test of actual planting for 55 years—they are the yard-stick by which all other nursery products are measured—they are the first choice of this country's most successful orchardists. The success of the orchard is dependent on the kind and quality of tree planted. Stark varieties are the best of the best. Our record of 55 years of successful selling is a positive guarantee of tree quality.

Before you decide to buy, send 7 cents for the Stark Year Book—do it today before the edition is exhausted.
